New Source Review newspaper advertisements for construction permit applications, April 20, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: April 18, April 19, or April 20, 2006. Public notices are generally published every two weeks. The previous publication of public notices was April 4 - 6, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Toxco Material Management Center</u> with a mailing address of <u>109 Flint Road, Oak Ridge, TN 37830</u>. They seek to obtain an air contaminant permit (Division identification number: <u>01-0137-07/59189</u>) for a <u>Lead Melting Operation</u> located at <u>the same address</u>. This existing operation consists of a melt furnace and caldron. HEPA filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. K. McLain is the assigned Division person.

For the Anderson County "Oak Ridger"--published once on or before Thursday, April 20, 2006.

The applicant is <u>Jabil Global Services</u>, <u>Inc.</u> with a mailing address of <u>421 Sanford Avenue</u>, <u>Lavergne</u>, <u>TN 37086</u>. They seek to obtain an air contaminant permit (Division identification number: <u>75-0597-01/59015</u>) for construction of a <u>Coating Operation</u> at <u>the same address</u>. This proposed operation would consist of a single bay bench style paint booth used to coat metal and plastic computer housings. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Nicole King is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, April 20, 2006.

The applicant is <u>Tennessee Valley Authority – Cumberland Fossil Plant</u> with a mailing address of <u>815 Cumberland City Road, Cumberland City, TN 37050-2000</u>. They seek to obtain air contaminant permits for modification of a <u>Coal Fired Steam Electric Generating Facility</u> located at <u>the same address</u>, as follows:

Air Pollution Control apr2006-web.doc 1

- (1) (Division identification number: <u>81-0011-03, -04, -07, and -08/58987</u>). The proposed modification is to replace four (4) existing auxiliary boilers with two (2) new auxiliary boilers. Pollution reduction technology would be used. There would be physical construction. The source emits regulated air contaminants. Ms. Nicole King is the assigned Division person.
- (2) (Division identification number: <u>81-0011-05/59068</u>). The proposed modification is to install a hydrated lime injection system with six (6) silos. Pollution control equipment would be used. There would be physical construction. The source emits regulated air contaminants. Mr. Greg Forte is the assigned Division person.

For the Stewart County "Stewart-Houston Times"--published once on or before Thursday, April 20, 2006.

The applicant is <u>Gastite</u>, a <u>Division of Titeflex Corp.</u> with a mailing address of <u>603 Hendee Street</u>, <u>Springfield</u>, <u>MA 01104</u>. They seek to obtain an air contaminant permit (Division identification number: <u>83-0383-01/59115</u>) for construction of a <u>Printing Operation</u> at <u>1116 Vaughn Drive</u>, <u>Portland</u>, <u>TN 37148</u>. This proposed operation would consist of six (6) printing stations and associated equipment used to print labels on gas pipe. Exhaust filters would be used for pollution control equipment. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Sumner County "News-Examiner"--published once on or before Thursday, April 20, 2006.

The applicant is O-N Minerals (Luttrell) Company with a mailing address of 486 Clinch Valley Road, Luttrell, TN 37779-9414. They seek to obtain air contaminant permit (Division identification number: 87-0023-05/58798) for modification of a Tertiary Roller Mill Grinding and Drying Operation located at the same address. This existing operation consists of two (2) roller mill feed bins, a roller mill, dryer, and associated equipment used to produce pulverized limestone. A baghouse is used for air pollution control. The requested modification is to use #2 fuel oil or recycled fuel oil as fuel for the dryer. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Moe Baghernejad is the assigned Division person.

For the Union County "News Leader"--published once on or before Thursday, April 20, 2006.
